The power of light to sell goods has been demonstrated time and time again in stores throughout the country. People will buy what they can see well . . . they will buy more freely in the atmosphere of a modernly lighted store . . . they will be more satisfied with their purchases. Light also can be used to call customers attention to certain goods through floodlighting or spotlighting, and its applications to the display of merchandise are almost endless.

Yes, the proper use of light is a powerful sales tool . . . a sales tool that you should use to the fullest extent in your business.

HILL DIRECTORY CO., Inc., Publishers

INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1950-51 edition of the Goldsboro City Directory.

Confidence in the growth of Goldsboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Goldsboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Goldsboro Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments (Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Goldsboro, and the name, official personnel, nature and address of each firm and corporation in the city.

II. THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Goldsboro. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Goldsboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

III. THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed

STATISTICAL REVIEW

Form of Government—City manager-aldermanic.

Population—1950 U. S. Census preliminary report for city, 21,399;
Goldsboro Township, 25,812. Sales Management estimate in 1950, 27,400.

Area—5 square miles.

Altitude—102 feet above sea level.

Climate—Mean annual temperature, 62.2 degrees F.; average annual
rainfall, 53.93 inches.

Parks—3 public, valued at \$500,000; zoo at Herman Park.

Assessed Valuation—\$24,545,000, with City tax rate of \$1.30. Wayne
County assessed valuation, \$52,524,158.

Financial Data—3 banks, with total deposits of approximately \$100,
000,000. 2 building and loan associations.

Postal Receipts—\$205,524.73 (fiscal year ended June 30, 1950).

Telephones in Service—6,800 (Aug. 15, 1950).

Churches—50, representing 19 denominations.

Real Estate—7,200 homes and apartments in Greater Goldsboro.

Industry—Chief industries of city and surrounding territory: Agri-
culture, manufacturing and lumbering. Principal manufactured products:
Lumber and lumber products, brick, agricultural implements, cotton
yarn, veneer, furniture, tobacco redrying, corn meal, grits, stock feed,
flour, fertilizer, cottonseed-oil products, steel fabrications, electric
wires, foundry equipment, steel storage tanks, soybean products, peanut
meal, brassware, meat products, bakery products, ice cream, carbon-
ated beverages, insecticides, fungicides, liquefied petroleum products.

Trade Area—Retail area has radius of 40 to 50 miles, and population
of approximately 250,000. This area is within 15 minutes' to one hour
and 15 minutes' driving time by automobile over a network of modern
paved highways. Goldsboro is a distributing center for several wholesale
establishments in farm machinery, electrical appliances, furniture, gro-
ceries, fruits and feedstuffs. Branch and district offices of several in-
surance firms are maintained here.

Newspapers—1 daily, The Goldsboro News-Argus, and 1 weekly, The
Goldsboro Weekly Record. The Goldsboro News-Argus was founded April
7, 1885.

Radio Stations—WGBR, 1400 k.c., 250 watts. Affiliated with American
Broadcasting Co. WEQR (FM), 93.3 m.c., 40,000 radiated watts, also
ABC.

Hotels—3, with total of 275 rooms.

Railroads—3: Atlantic Coast Line, Atlantic & East Carolina, and
Southern.

Bus Lines—3: Atlantic Greyhound Lines, Queen City Coach Co., and
Seashore Transportation Co.

Highways—U. S. 70, U. S. 117, N. C. 102, N. C. 111, and N. C. 581.

Airports—1, owned by the City of Goldsboro and served by Piedmont
Airlines. This Class 4 modern airport accommodates transport and com-
mercial planes, and provides facilities for private flying. Scheduled air
line service to all parts of the nation.

Amusements—Largest auditorium in city seats 1,300 persons. 4 moving-picture theatres. Stadium used for baseball games; high school stadium used for football games. 18-hole golf course; indoor swimming pool at Wayne Memorial Community Building; country club ready for occupancy.

Hospitals—3; Wayne Memorial Hospital, maintained by the County of Wayne and the City of Goldsboro, 150 beds; Eastern Branch of the State Orthopedic Hospital of Gastonia, with monthly clinic; North Carolina Hospital for Negro Insane, 1 mile west of the city. The North Carolina General Assembly has authorized the construction, near Goldsboro, of the North Carolina School for Negro Feeble-Minded Children.

Education—12 public school buildings, including the Goldsboro High School (white) and the Dillard High School (Negro); 6 white elementary schools and 4 Negro elementary schools. 1 parochial school, 1 Protestant kindergarten, 1 secretarial school (privately operated, accredited rating), and 1 school of practical nursing. More than 125 teachers in public school system; enrollment, more than 5,000 pupils. Nine-months' school term.

Public Libraries—1; the library serves Wayne County citizens with bookmobile on regular schedule.

City Statistics—More than 40 miles of paved streets, highways and sidewalks. Gas mains, 20 miles; sewers, 40 miles; water meters, 4,800; electric light meters, 6,600; gas meters, 1,200. Capacity of municipal water plant, 2,500,000 gallons; daily average pumpage, 1,000,000 gallons; miles of mains, 40; value of plant, \$1,500,000. Fire department has full-time paid crew of 26 men, with modern station and 5 pieces of motor equipment. Police department has trained personnel, 25 men and 1 woman, with 1 station and 7 pieces of motor equipment, all police cars being equipped with two-way radio facilities.

The electric and gas companies are private utilities, also the telephone company. The City of Goldsboro owns its water plant. The water shed and storage space are ample to meet every requirement. Under a rural electrification project, thousands of citizens of the Goldsboro area are being served from Goldsboro.

Goldsboro is a city of modern business and residential buildings. This aerial photograph is provided through the courtesy of the Goldsboro Chamber of Commerce and Merchants Association and was made by Homer Ball of Ball Studio.

GENERAL REVIEW

Goldsboro is a community of progress which has been kept alive since its charter as a municipality was issued 103 years ago, in 1847.

Goldsboro has long been known for its culture, barbecue cooking, community spirit, citizens of liberal thought and social conscience, and progressive industry. The early community was settled as a village of 100 persons when Waynesborough, a settlement in a nook of the Neuse, was relocated to be on the railroad when the Wilmington & Weldon Railroad traversed the present site of Greater Goldsboro. It was the crossroads of rail transportation in eastern North Carolina when the railroad from the blue Atlantic to the Blue Ridge Mountains of western Carolina was constructed across the W. & W. Railroad, now the Atlantic Coast Line Railroad.

In municipal government, Goldsboro was one of the first communities in the Southeast to adopt the city manager plan. It continues the city manager-aldermanic form of government.

From Goldsboro went Charles B. Aycock in 1900 to assume the leadership of North Carolina as its Governor and launch the Old North State on a parade of progress in government, education and industry which has continued for half a century.

Goldsboro has been interested in its position in matters of education, and that fact is attested by the contribution made in behalf of the public schools in the 1880's and continuing to this day. There are 14 school buildings in the city, and two private educational institutions. Goldsboro High School, for instance, is one of three high schools in the U. S. with a completely-furnished radio broadcasting station. Its dramatics department has been titled "The Youth Theatre of the South."

In the heart of "Tobaccoland," Goldsboro both markets and processes millions of pounds of golden-leaf, flue-cured tobacco annually, and harvests and sells several thousand bales of cotton, a cash crop for which the South has been famous for two centuries. But there is new emphasis upon year-around farming—diversified agriculture—which makes Goldsboro the center of live stock production in beef, pork and dairying, and the countryside now has a cover crop of green pasture lands on acres taken from the cash-crop farming. This farming appeals to Goldsboro citizens as becoming this area with long and favorable growing seasons.

Goldsboro industrial plants are making the name of this city known throughout America. The building of the new steam electric plant of the Carolina Power & Light Co. on the Neuse River near Goldsboro will provide more impetus to Goldsboro's dominant position as eastern North Carolina's industrial and agricultural center. Goldsboro produces electric wires for electric bulbs and radio tubes, agricultural implements, brassware, brick, cotton yarn, lumber, plywood veneers, tobacco for cigarettes, live stock feeds, grits, corn meal, flour, fertilizers, insecticides, cottonseed products, soybean products, peanut meal and oil, foundry equipment, steel storage tanks, dairy products, meat products, carbonated beverages, millwork, furniture, custom-built cabinets, venetian blinds, truck bodies, concrete products, including tile and brick; and liquefied petroleum products.

In the retail field, Goldsboro is the shopping center for a wide territory with a population of 250,000. Locally-owned and nationally-known firms feature brand merchandise and quality goods sold in modern and newly-designed stores. Goldsboro's business district is free from parking meters, a delight to shoppers. The volume of retail sales continues to stand in the top ranks of cities with a high retail sales record in the Southeast. Several of the larger nationally-known firms maintain district headquarters in Goldsboro for convenience in serving their customers through wholesale outlets.

Three banking institutions and two building and loan associations have assets and resources totaling near \$100,000,000. "Insurance Capital of Eastern North Carolina" has been given to Goldsboro as a title because of the representation in this city of several of the state and national insurance firms through district headquarters or large general agencies.

More than 40 physicians now are on the roster of the Wayne Medical Society, with a high percentage of these men specializing in some branch of medicine or surgery and giving added recognition to Goldsboro as a medical center. A new \$1,500,000 hospital plant is to be completed in the coming year. The State of North Carolina maintains the Hospital for Negro Insane—largest mental hospital of its kind in America—near Goldsboro. A public health center, the Eastern North Carolina Branch of the State Orthopedic Hospital, and several private clinics, help to make Goldsboro one of the best-equipped cities with medical facilities.

Wayne County Memorial Community Building has become a living memorial to World War I veterans and is headquarters for many civic and recreational agencies. The Grand Lodge of the Odd Fellows of North Carolina maintains an orphanage here and recently completed a new administration building and cottage in the city.

Cotton and tobacco prices toppled in the past decades, and yet Goldsboro citizens have taken their adversities in stride, and built even greater and stronger community enterprises as they turned misfortune into good fortune. A hybrid buggy with automobile tires pulled by horse or mule was the inspiration for a mammoth "Hoover Cart Parade" in Goldsboro, and brought it international fame. Thus Goldsboro people turned a depression disaster into a good advertising piece.

Through the years Goldsboro has been in the "Parade of Progress" as a community of sound growth, steady and forward in its movement; generous in providing for good education, balance in industry, and diversification in agriculture, and at all times concerned with the health, recreation, and social and spiritual welfare of its citizens.

During World War II thousands of men trained at nearby Seymour Johnson Field carried around the world the story of Goldsboro's sound community life and its hospitality. During and since the days of the recent war period there has been rapid and sound business expansion in and around the city. There is new "unity" in the Goldsboro "community."

And in the words of a beloved citizen of Goldsboro, a distinguished editor, the late Col. Joseph E. Robinson, the community has this banner in sight of all the world: "Goldsboro Goes Forward."

OTHER DATA

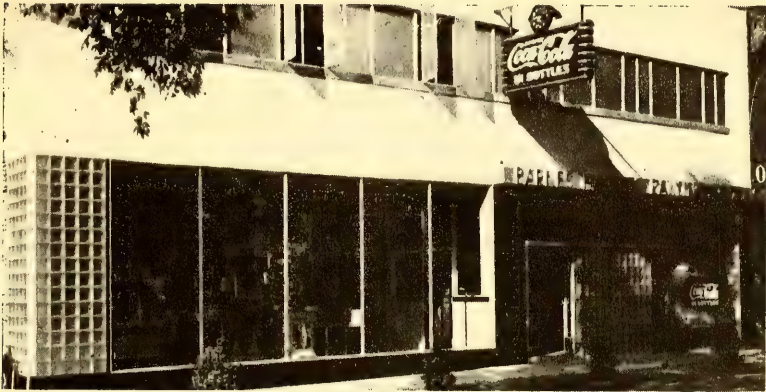

LOCATION: Goldsboro is located in eastern North Carolina, three miles north of the Neuse River and 52 miles southeast of Raleigh, the State capital. Its central location partially explains the city's consistent growth as the chief merchandising and distributing point of a rich agricultural area of more than 250,000 people.

POPULATION: Census reports reflect the steady growth of the city. The 1950 U. S. Census preliminary showed a population of 21,399 in the city proper. The population in 1910 was 6,107, and by 1930 it had grown to 14,985, and by 1940, 17,274. Wayne County, of which Goldsboro is the county seat, in 1930 had a population of 53,013, and in 1940, 58,328. A conservative estimate for the county in 1950 is 68,000.

INDUSTRY: The city's people find employment in merchandising, distributing and manufacturing. Goldsboro's more than 40 manufacturing plants produce lumber and lumber products, brick, agricultural implements, cotton yarn, veneer, furniture, cottonseed products, meal, grits, stock feed, electric wire, textile products, meat products, frozen foods. Its three tobacco redrying plants handle millions of pounds of tobacco yearly, much of it shipped from other points in eastern North Carolina and from South Carolina, Georgia, Tennessee and Kentucky.

HOUSING: Housing is modern and living costs are reasonable. Local markets afford for most of the year an abundance of vegetables and fruits produced within a short radius of the city. Local markets also afford a bountiful supply of poultry, dairy products and meats for the entire year.

RECREATION: Ample recreational facilities are provided. A recreational council provides a year-around program of sports and activities for the city, including basketball, physical education classes, swimming team, playgrounds directed by specialists, amateur baseball and soft-

**One of Goldsboro's modern and diversified industries--
bottling plant of a popular beverage.**

ball. The city is a member of the Coastal Plains Baseball (Class D) League. A Civic Theatre group has provided stimulating entertainment for many years. The city's public library is one of the oldest in the state, and at the same time is one of the most modern in its facilities.

Goldsboro has three parks with a combined area of more than 300 acres. One of these, Herman Park, has the largest menagerie in eastern North Carolina. Included in the recreational assets is a new municipal stadium. A well-planned 18-hole golf course is a part of the park system.

Four modern movie houses complete the recreational picture. These theatres play first-run pictures and an occasional road show or vaudeville.

CHURCHES: Goldsboro is not neglectful of religious activities. There are 19 denominations and branches of ecclesiastical bodies having 50 churches, for both white and Negro citizens. The denominations include: Baptist, Catholic, Christian, Disciples of Christ, Episcopal, Free Will Baptist, Friends, Holiness, Jewish, Latter Day Saints of Jesus Christ, Lutheran, Methodist, Pentecostal Holiness, Presbyterian, Salvation Army, Evangelical Baptist, and three minor groups.

EDUCATION: Goldsboro graded schools were the first chartered public schools in North Carolina and have a wide reputation for excellence of instruction. The Goldsboro High School is a member of the Southern Association of Colleges and Secondary Schools, and its graduates are admitted to standard institutions of higher learning without examination. The city has twelve public schools (elementary and high) for its students—seven white and five Negro, valued at \$2,600,000, and a combined faculty of more than 125. In addition to the public schools, the Sisters of the Im-

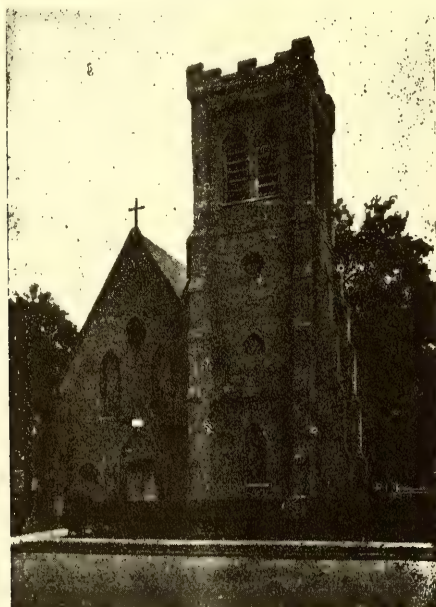

**Beautiful and hospitable homes make Goldsboro a city of gracious living.
The photograph above shows one of the modern homes.**

maculate Heart of St. Mary maintain a parochial school which provides instruction from the kindergarten through the second year of high school, and a private secretarial school trains pupils for business careers. A modern school of practical nursing is an adjunct of the Wayne Memorial Hospital.

CLIMATE: Weather conditions are ideal. The city is practically without fogs or freezes. The annual precipitation computed from the Weather Bureau records averages 53.93 inches. The mean minimum annual temperature, likewise computed from the Weather Bureau records, is 41.4 degrees, and the mean maximum annual temperature is 80.2 degrees. The mean annual temperature is 62.2 degrees. The altitude is 102 feet.

RAIL SERVICE: Goldsboro is served by three railroad lines. They are the Atlantic Coast Line Railroad, connecting points north and south; the Atlantic & East Carolina Railroad, Goldsboro being the western terminus of this line, connecting with coastal cities; and the Southern Railway, connecting with points west, southwest and northwest. These carriers operate fast trains to, through and from Goldsboro, and offer the shipping public very efficient transportation service, having good connections to the principal industrial centers in every area along the Atlantic Seaboard and in the Middle West. There are ten passenger trains in and out of Goldsboro daily.

HIGHWAYS: Nine standard highways radiate from Goldsboro, offering a convenient service to tourists and motor transportation. U.S. Highway 70 traverses the state in an east-west direction, from the Atlantic Seaboard on the east across the state and into Tennessee. U.S. Highway 117 connects the principal cities of the North and East to Southern and Southeastern points. State Highway 102 crosses the city from northeast to southwest. In the northeast direction it affords direct connections with the Norfolk, Va., area, and southwest to Goldsboro it provides a through channel to Charlotte and Atlanta. State Highway 111, southeast of Goldsboro, offers an almost open direct lane to the U.S. Marine bases at Jacksonville, N. C. U.S. Highway 70 leads to Cherry Point, N. C., southeast of Goldsboro and to Beaches on the Atlantic Coast, North Carolina Highway 581 provides access to north-central areas in the state.

Among Goldsboro's assets are its churches. One of the oldest edifices of worship is shown in this photograph.

Goldsboro High School, a modern school plant, is excellently equipped for its courses in literary and industrial training.

BUS LINES: The Union Bus Terminal serves three transportation companies, with 70 buses arriving and departing daily. Companies serving Goldsboro include the Atlantic Greyhound Lines, Queen City Coach Co., and Seashore Transportation Co.

AIRPORTS: The City owns the new 420-acre modern Class 4 airport which is a part of Seymour Johnson Field, southeast of Goldsboro.

Interest in aviation has long been active in Goldsboro. For many years before the outbreak of World War II, a municipal airport was maintained and from this field there was much civilian flying. In 1940, the City of Goldsboro purchased a site for a large modern airport, and was nearing completion of the construction of this field when the Army Air Forces leased it. Since that date more and more construction and additions have developed it into one of the most up-to-date flying fields along the Atlantic Seaboard.

The Civil Aeronautics Board has certificated Piedmont Aviation, Inc., to provide air service--passenger, mail, express and freight--to and from Goldsboro. This line provides daily connections to all parts of the U. S.

COMMUNITY BUILDING: A building costing \$100,000, erected through public subscription by patriotic citizens of Goldsboro and Wayne County, memorializes the young men of the city and county who served in the World War of 1917-1918. This first memorial erected in the U.S. following World War I is dedicated to the heroes of that conflict and recently has been renovated throughout to serve more adequately.

Wayne County, named for Revolutionary War General Anthony Wayne, has a stately building housing the various departments and divisions of its government.

The Wayne Memorial Community Building is home of the civic and community organizations. It is a memorial to the men and women of Wayne County who gave their lives in the service of their country in World War I.

The building provides recreational and educational advantages and facilities for the entire citizenship of the county. It is headquarters for the Goldsboro Community Chest, Wayne County Chapter of the American Red Cross, Tuscarora Council of the Boy Scouts of America, Goldsboro Council of Girl Scouts, Goldsboro Bureau of Social Agencies, Goldsboro Swimming Association, Wayne County Boys' Club, and many other civic and social activities.

GOLDSBORO AS A CENTER: Goldsboro is widely known as the "Gateway to Eastern North Carolina." It is the agricultural and industrial center of this area. It is one of the best planned and laid-out cities of the section.

Although situated in a rich agricultural area, Goldsboro also is generally recognized as possessing a balanced and diversified industrial life. Many of the industries are related to the agricultural and timber interests.

Wayne County is primarily an agricultural county, with most of its income derived directly from agricultural products. Principal crops are tobacco, cotton and corn, with noticeable increase in live stock, swine and grains. The following crops are grown in reasonable proportions: Wheat, peanuts, rye, cowpeas, soybeans, cowpea hay, truck crops and commercial vegetables. Goldsboro has long ranked as a leading tobacco and cotton market. Its principal commodities in 1949 were valued in excess of \$21,500,000.

CIVIC CLUBS: The civic life of the community is represented by a number of strong, thriving and progressive organizations. These render civic, fraternal, patriotic and social service: Rotary, Kiwanis, Lions, Civitans, and Business & Professional Women's clubs; two Masonic lodges; the Odd Fellows; the Junior Order of United American Mechanics; the Woodmen of the World; the American Legion, Wayne Post No. 11; the American Legion Auxiliary; the Goldsboro Woman's Club; the Elks Club; the Junior Chamber of Commerce; the Grange; the Farm Bureau, and the Goldsboro Chamber of Commerce and Merchants Association, Inc. Also the Veterans of Foreign Wars; the Veterans of Foreign Wars Auxiliary, and the Disabled American Veterans.

Goldsboro is a leader in retail sales, figures from Sales Management's "Survey of Buying Power" for the past several years placing Goldsboro's volume of retail sales in excess of \$30,000,000 annually, and far ahead of any other eastern North Carolina city.

Its diversification of industry gives it a substantial lead over other cities of similar size and interest in North Carolina in the value of its manufactured goods and annual payrolls.

Inquiries about the development of new branch units for the manufacture of goods or the distribution of various commodities will receive the prompt attention of the Goldsboro Chamber of Commerce and Merchants Association, Inc.

Goldsboro welcomes its visitors and has a friendly atmosphere for those making this city their place of residence.

**A garden scene at Pondrose, country estate of
Dr. and Mrs. David J. Rose, near Goldsboro.**

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage shopping center, parking lot etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

EMPLOYED

HUSBAND'S NAME

HOW TO KNOW WHETHER A WIFE IS EMPLOYED... AND WHERE SHE WORKS

This vital information may be secured instantly from your City Directory. Every person of Directory listing age (18 years and over) is listed, including both men and women. The wife is listed with her husband, and also is listed separately if steadily employed.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

"r"— RESIDENT

"h"— HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

POLK'S BANKERS ENCYCLOPEDIA

The Bank Directory

Published
March
September

—
Price
\$27.50
A Copy

Comprehensively Reported—Conveniently Arranged

Bank data includes officers, directors, latest dated statement, transit number with routing symbol, departments and memberships.

Investment Bankers and Stock Exchanges with memberships are reported at each city location.

Section listing legal reserve Life Insurance Companies with officers, directors and statement.

Sections reporting available information on banks operating outside of the United States.

Each state or section is arranged as a complete Directory, with a tab index to make all data easily accessible.

Out of Sight • Out of Mind • Out of Business

★
The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★
 The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

CAUTION

 Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

HOW TO LEARN OCCUPATION AND NAME OF EMPLOYER

Credit, Sales and Advertising Departments can quickly check this vital information regarding customers and prospects. Responsibility, probable approximate income and similar questions can be answered instantly by referring to your Directory. Complete information is provided on every employed person.

THE HEART OF YOUR HOME

YOU can have a kitchen with all modern conveniences —no matter where your home is located—with "PYROFAX" GAS SERVICE.

"Pyrofax" Gas is used like city gas—it will operate appliances such as a Magic Chef gas range, a silent Servel gas refrigerator, and an automatic gas water heater. "Pyrofax" gas is economical, convenient, and clean burning. You need not worry about service interruptions, dirt, or odor. For complete information call or write us today—no obligation of course.

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

HILL'S GOLDSBORO

Directory of Householders, Occupants of Office Build-
ings and Other Business Places, Including a
Complete Street and Avenue Guide

1950-51

Copyright, 1950, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the Named Streets, arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

(The numerals that appear at right edge of column, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)
(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

STERLING WOOTEN

EARL THOMPSON

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.**

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A “*Yellow Section*” or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

MORE GOODS
ARE BOUGHT AND SOLD
THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

HILL'S GOLDSBORO NUMERICAL TELEPHONE DIRECTORY

This is a complimentary service in connection with your City Directory,
and for which no charge is made.

1950-51

Copyright, 1950, by Hill Directory Co., Inc.

Due to the necessity of frequently changing telephone numbers assigned to users, we suggest that you verify this information by referring to your local telephone book to see if any changes have been made since this Directory was compiled.

CITY DIRECTORY USAGE SOARS TO

New High!

Post-war relocation of millions in their permanent homes; readjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a “must” for all business people. Remember the huge upswing in City Directory usage.

MORE PEOPLE *See* CITY DIRECTORY ADS!

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

☆ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

**Therefore your ad in the City Directory
is seen by buyers from coast-to-coast**

MORE GOODS

A friendly visit by one of these counselors will answer all your questions and explain our plan. You cannot afford to be without this information.

"Surely, if our faith is real to us, our burying grounds should proclaim it in accents of beauty and power—the followers of a triumphant Master should sleep in grounds more beautiful than those where they have lived. A park so beautiful it seems a bit above the level of this world, a first step towards Heaven."

—By Bruce Barton.
